A Community of Caring

From the desk of *Brady Waldroff*, Executive Director

A VERY MERRY
CHRISTMAS
and Happy New Year!

Where do I start? The year that was 2020 has been a lot of things to a lot of people, but mainly I think I can sum it up as such: anxiety-driven frustration and confusion and resentment. With COVID-19 and the Coronavirus laying thick over the events of the year, it is somewhat difficult to look back and find things to be happy and proud about. But we can, at least here at Rose Linn Care Center. Here is what I am finding to be happy and proud about:

No major outbreak of COVID-19 at Rose Linn Care Center. Yes, we have had individuals test positive, but there is been no major outbreak that has burned through the building. I hang this one on my amazing team, including Nikki Oquist (Housekeeping/ Laundry Director), Nathan Priest (Maintenance Director), Corrina Dueker (Dietary Director), and Cristina Ase (Director of Nursing Services/ Infection Control Officer). Without them, and in coordination with Rose Linn Vintage Place, we would not have been able to control and effectively manage these positive test results.

Every Infection Control Survey that we have had (State AND Federal) we have PASSED! That's right, we are 6/6 for these. Again, I lay the bulk of this accomplishment at the feet of those mentioned above, but this also achievement belongs to the entire staff and their diligence in following expectations and helping to lead efforts to stay on top of this virus.

While we have had residents pass away under our care, none of them have passed away due to COVID-19. Again, this is a testament to our efforts and work to effectively manage any positive tests and following of CDC guidelines.

While I am very proud of these outcomes, there is one major piece that we are missing: you. We miss you, your loved ones miss you, it is not the same without the energy that your presence brings to both the residents and the building in general. This is where it pains me to talk about visitation. Last night, Governor Brown released new labeling techniques that effects Long-Term Care facilities. The counties in Oregon are now broken into four categories: Extreme Risk, High Risk, Moderate Risk, and Low Risk. Clackamas County is placed in the Extreme Risk category and the biggest impact is that it limits visits to outdoor only.

I wish I had better news; I know that this update is disheartening and is frustrating. As for now, please know and understand that we are working hard to continue the high-level of care that we have striven to provide. Also know that I am personally working with our teams and the state of come up with any and all ideas to create ways that we can invite you to our building and you have see those that mean so much to you.

Thank you for your understanding

Brady Waldroff, Executive Director, with his 10 month old son Jeffry. Both are nattily attired as Chewbacca for the Halloween festivities at Rose Linn in late October.

Activities by Jeanine

- Holiday tree trimming
- The Christmas Story
- Celebrating the 12 days of Christmas
- Gift giving for each individual resident
- Crafty Creations–Snow Globes
- Pictures with Santa
- Sing Fit with the old Holiday favorites
- Christmas Caroling

Susan Hoffman, Human Resources Director

Susan has been with Rose Linn almost from the inception. She has been the Dietary Manager and the Housekeeping Director and is has held the position of Human Resources Director for over 10 years. Susan is one of the most conscientious staff members this writer has ever encountered in the business world.

She is compassionate and cares about the small details. Susan has three grown daughters and five grown grandchildren and will be welcoming a new grandson in February of next year. She has two daughters who have worked at Rose Linn for many years as well as a granddaughter. Both of her daughters serve as department managers and her granddaughter is an assistant manager. Susan lives in West Linn with her husband of 45 years and enjoys spending quality time with her family at frequent gatherings. Susan arrives early to the office and is always ready to assist in any capacity to help make Rose Linn Care Center one of the very best.
