Susan Hoffman has decided to retire from Rose Linn Care Center after 32 years of service. She has been the Director of Human Resources for a number of years but also served in other leadership capacities over the last three decades. An early bird, she always came to work around 6:30 in the morning and managed her department with great care. She also has a family legacy at Rose Linn, Her daughter Nikki is the Director of Housekeeping, her daughter Amy is the Director of Medical Records, and her granddaughter Chelsey is the Assistant Director of Housekeeping. This writer is extremely fond of Susan, we will miss seeing her daily. Enjoy your grandchildren and great grandchildren dear Susan. Our own Michael Nicholson (formerly our Administrative Assistant) will be replacing Susan as the new HR Director. *Rest, relax and enjoy Susan!*

Yes, Electricity Was Invented Before I Was Born!

Despite my advanced age when I was a child we had electricity, cars, and even telephones. But, it does make me think about the differences between my experiences and those of children today. Jacks, marbles, bikes with no helmets.

In the early 60s. Women wore pillbox hats and men longed for bigger houses and cars. And then there was Camelot..... *Baby Boomer*
